# BO NEVILLE
## DESIGNER

07789425766
boneville02@gmail.com
www.boneville.uk

I am a creative, multidisciplinary designer with a hands-on approach and an eye for detail. Through my degree in Furniture and Product Design I have a foundation of problem solving skills, industry experience and a great ability to communicate. See my website for examples of my work: **www.boneville.uk**

## EXPERIENCE

### STUDIO ASSISTANT
CAPTURE PROPERTY MARKETING

July - Current 2023

Using **AutoCAD** to draw and quality check **floorplans** for estate agents and vendors across the country.

Using **InDesign** to colour floorplans according to client **brand guidelines**, and working closely with the **graphic design** team to make amends to brochures.

### DESIGN INTERN
MATTER NPD

June - Oct 2022

A 5 month placement working as a **design intern** with the design consultancy Matter. Working on live projects, **3D modelling in Rhino**, ideation and concept development, **Selfridge's Super Futures exhibtion**, market research, model making, packaging design proposals including **graphic design**.

### DESIGNER
CREATIVE BATH

June 2023

Commissioned to **design and make** the 22 awards for the Creative Bath Awards 2023.
Delivered in line with the client brief and **project managed** within a strict budget and **time line**.

## PROJECTS

### NOURISH
FINAL PROJECT

Jan - May 2023

Creating an alternative **brand** for individuals who rely on **artificial feeding**. The focus is on creating **furniture-like** pieces that blend with home decor, offering dignity and comfort. Preparing the products for display and **exhibition at New Designers**, London. **Printing posters**, information booklets and **building the exhibition set**.

### DISCOVER
STARPACK
*SILVER AWARD*

Sept - Jan 2023

Replacing the **single use plastic** LEGO Minifigures packaging with a 100% corrugated **cardboard** alternative. 'Discover' is a **packaging** solution that transforms into an **interactive** play scene which incorporates building, **imaginative play**, and colouring-in - boosting **cognitive development.**

Children's packaging design • User research • User testing and feedback • Mapping user journeys • Illustrator, Photoshop and InDesign • Visual communication.
